Hello!

I am Bryan from Out of the Box Business Solutions Co.

We are here to help you jump start your journey in using the iTeach Platform

What's for today?

Introduction

What is pilot run and the key objectives if the launch.

The session also contains key information needed in order to be able to access the platform.

iTeach Coaching Platform

Unvieling of the platform and end-user training on how to access and use the system through live system walkthroughs.

iTeach Mobile App Launcher

Get to know the mobile application launcher, productivity tools and offline mode.

What is a system Pilot Run?

Pilot running is when the new system is installed for only a small number of users to test and evaluate.

--wikipedia.org

Objectives for Today, after the session:

Pilot users are able to access the system

Pilot users are able to access the e-learning modules

Pilot users are able to access using mobile phones

Pilot users are able to manage their account in the platform

New users can request access to the portal

What do you need to do?

Check it out!

We invite everyone to use and test the system including the digitized coaching module, tell and invite others to check it out as well.

Let us know?

We would love to hear from you might be of support or a feedback.

Accessing a Learning Module

✓ There are 2 types of modules or course within the site which can be accessed

      Anyone logged in the system may access and use

      Enrollment is required to access the module

✓ Self-Enrollment keys allow users to key-in a code to register to access a module

✓ Currently there are 6 modules available in the platform under 1 program

      1 E-Learning Module/Digitized/Interactive

      4 Non-Digitized Module (pdf file)

      1 Introduction Module

Interactive Module

What is interactive module? These are modules that contains a range of interactive elements, however, they vary depending on the complexity of the course. So, basic training courses may include audio, video, text and graphics, and learners participate in activities that require them to click, press hotspots or drag and drop.
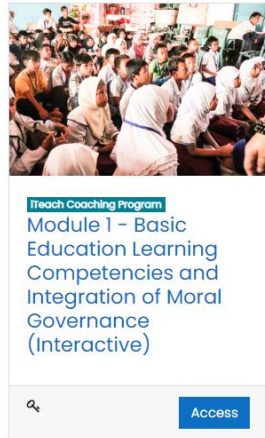

This is a digitized/interactive version of Module 1 of the coaching program,
